Think Thanks

Your guests will feel oh-so special when they receive a handmade thank-you. Just pick out some coordinating papers and embellishments (think buttons, jewel brads and burlap ribbon). Then start penning your heartfelt words of gratitude.

Gift of Fab

No birthday giftwrap in your emergency stash? Not to worry—patterned scrapbook paper works even better, if you ask us. And you can make the bow from paper too. Simply loop strips of paper into a bow shape (the bigger, the better), and staple in the middle to secure.

Dabble in Diamonds

These diamonds may not sparkle, but they sure do get some looks. This darling budget-friendly backdrop proves that focal pieces don't have to be complicated and expensive. We made this one by cutting coordinating scrapbook paper into 4x4 squares and simply stapling them at the corners.
