

Friendship Bracelets: Knotting Basics

Ready to try your hand at making friendship bracelets? We'll show you how to left knot, right knot and even make a trendy chevron pattern.

TIPS & TRICKS

- To help keep strands secure and in place while making your bracelet, tie all strands into an overhand knot and tape to your workspace or use a clipboard.
- Always tie each knot twice for a neat, flat bracelet.
- Follow the same color sequence throughout the pattern.

Friendship Bracelets: Knotting Basics

RIGHT KNOT/FORWARD KNOT

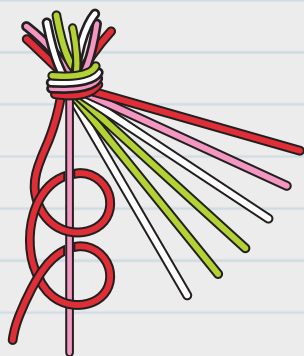

LEFT KNOT/BACKWARD KNOT

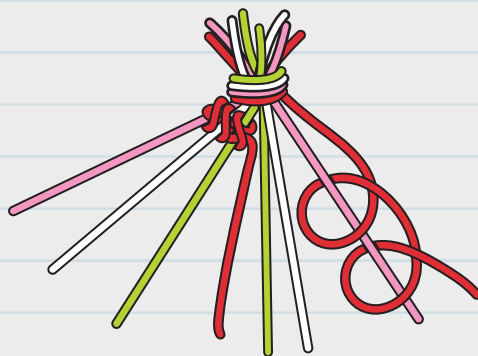

Friendship Bracelets: Knotting Basics

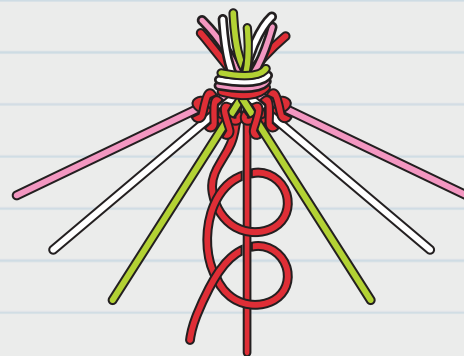

CHEVRON BRACELET

1. Make a forward knot with left red around the pink next to it. Pull tight towards top knot. Repeat with red around next white then green.

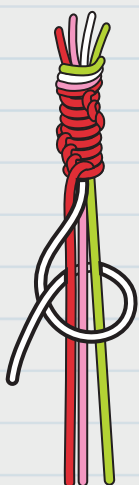

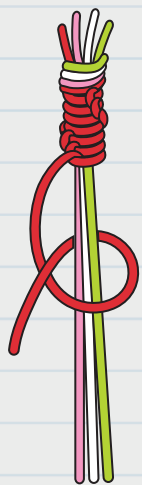

2. Make a backward knot with red around the pink next to it. Pull tight towards top knot. Repeat with red around next white and then green.

3. Make a forward knot with left red around the right red. Pull tight towards top knot. One "V"/chevron created. Repeat steps for each color.

SPIRAL BRACELET

1. Make a forward knot with red to desired length. To change colors, put red back with other colors and pick next color and continue making forward knots to desired length. Repeat.
