

*Learn how to properly fold a standard 3' x 5'*

# **AMERICAN FLAG.**

glory be!

{ CREATIVE INSPIRATIONS *fr* FROM HOBBY LOBBY® }

# You'll need two people for this job— and don't forget, Old Glory must never be allowed to touch the ground.

- 1** With one person at each end, hold the flag waist high. The stripes should be horizontal, as shown.

- 2** Fold the flag lengthwise, as shown.

- 3** On the fly side—that's the side that blows in the breeze, not the side with the grommets—make a triangle-shaped fold.

- 4** Keep making tight triangular folds along the entire length of the flag.

- 5** When your flag looks like this, carefully tuck in the end.

- 6** Place the folded flag inside a 10" x 14" display case, and perch it in a place of honor.
