Metal Flower Necklace

Here's a super-easy DIY that doesn't skimp on style. Our quick how-to video will walk you through it!

SUPPLIES:

- Flower pendant
- XL cable chain necklace, 18"
- 6 – rondelle connectors
- 14 – heavy gauge jump rings, 12mm
- 2 – heavy gauge jump rings, 6mm
- Bent nose pliers
- Chain nose pliers

TIPS & TRICKS

- **Project Saver:** If you alter a piece of jewelry, be sure to save any part you remove! It may be the perfect addition to your next project.
- **Connection Clue:** Try adding connectors to your chain for a detailed, designer-quality look. We used rondelle connectors, but any kind will work!
- **Rings True:** If you're new to working with jump rings, check out our *Jewelry 101: How to Open & Close a Jump Ring* video. We'll show you all the basics!
