

Here's a holi-DIY project that's Santa-approved
glittered snowflake coasters.

take a flake

{CREATIVE INSPIRATIONS *free* FROM HOBBY LOBBY.}

Supplies:

- Cork coasters
- Snowflake stencil(s)
- Glitter
- Decoupage medium
- Painter's tape
- Small paintbrush
- Palette cups
- Ruler
- Pen
- Small scissors

Trace snowflake stencil onto coaster.

Cut thin strips of painter's tape and tape off edges of coaster, leaving a 1/4" border.

These merry-and-bright coasters make great Christmas gifts, festive holiday décor and fun party favors!

In a palette cup, mix 2 parts glitter and 1 part glue to be used for border. Paint border, and let dry completely.

When dry, touch up if necessary. *Note: Be sure glitter glue is not too thick to paint smoothly; if so, adjust your glitter glue ratio accordingly.*

Carefully, peel off painter's tape. In another palette cup, mix 2 parts glitter and 1 part glue to be used for snowflake. Paint snowflake, and let dry completely.
