Stylish Tank

- Screen-Printing Paints: 98500 New Black, 98503 Banana Peel, 98508 Grape Juice, 98513 Fairytale
- White tank top

- How To Do It:**
1. Cut apart the screen stencil design elements. Squeeze a puddle of each paint color on paper plate.
 2. Place background design on center of tank top. Apply Fairytale with paint brush over entire design; gently lift background design then reposition & repeat painting to complete a large area of the background design. Let dry completely.
 3. Apply remaining design elements over background design as follows: Rose/Grape Juice, Crown/Banana Peel, Royalty/New Black. Let each design dry completely between layers.
 4. Heat set according to package instructions.

Majestic Pillow

- Screen-Printing Paints: 98523 Gold Dust, 98526 Cosmopolitan, 98528 Sugar Plum
- Black pillow cover

- How To Do It:**
1. Cut apart the screen stencil design elements. Squeeze a puddle of each paint color on paper plate.
 2. Place crown design in center of pillow cover. Apply Gold Dust with paint brush over entire design; remove screen stencil. Let design dry completely. Place Royalty design below Crown; paint in Gold Dust then remove screen stencil. Let design dry completely.
 3. Place Rose design in corner of pillow. Apply Cosmopolitan with paint brush; gently lift screen stencil & repeat in remaining corners. Let designs dry completely. Rinse & dry screen stencil before next step.
 4. Place Rose design in corner, layering over existing Rose design painted in previous step. Apply Sugar Plum with paint brush; remove screen stencil & repeat in remaining corners. Let designs dry completely.
 5. Heat set following package instructions.

Create Fun & Fabulous Screen-Printed Fashions!

Make Multiple Items with One Screen Stencil

Graphic tees and accessories are here to stay. Design them yourself and wear them your way with Simply Screen™, the easiest do-it-yourself screen-printing product. You're going to love the looks and the fun of discovering the designer in you!

Simply Screen is...

Ready-to-Use! No machine, preparation of screens or wait time. It's instant fashion!

A Great Value! One reusable screen stencil and bottle of screen-printing paint makes multiple fashions.

All About Style! Wild with color or glammed up with glitter and foil – the creative possibilities are endless.

Choose your design and your favorite colors to get started!

Single Color Technique

Step 1: Remove backer from screen stencil. Place your silk screen stencil tacky side down onto your fabric surface, making sure your fabric surface is smooth & wrinkle-free.

Step 2: Squeeze paint onto screen stencil; use applicator to pull paint over design.

Step 3: Gently remove screen stencil to reveal your design.

Multi-Color Technique

Step 1: Remove backer from screen stencil. Place your silk screen stencil tacky side down onto your fabric surface, making sure your fabric surface is smooth & wrinkle-free.

Step 2: Squeeze two or more paint colors side by side onto screen stencil; use applicator to pull paint over design.

Step 3: Gently remove screen stencil to reveal your design.

Sparkling Glitter Technique

Step 1: Remove backer from screen stencil. Place your silk screen stencil tacky side down onto your fabric surface, making sure your fabric surface is smooth & wrinkle-free.

Step 2: Squeeze adhesive over screen stencil; pull adhesive over design with applicator. Leaving screen in place, let adhesive set for 30 sec. Apply a second layer of adhesive; let set for 3 min.

Step 3: Sprinkle sparkling glitter over wet adhesive following design; let dry 3 hrs. Gently remove screen stencil then immediately wash screen stencil to remove adhesive.

Step 4: Place parchment paper over glittered design; heat set according to package instructions; shake off excess glitter.

Metallic Foil Technique

Step 1: Remove backer from screen stencil. Place your silk screen stencil tacky side down onto your fabric surface, making sure your fabric surface is smooth & wrinkle-free.

Step 2: Squeeze adhesive over screen stencil; pull adhesive over design with applicator. Leaving screen in place, let adhesive set for 30 sec. Apply a second layer of adhesive; let set for 3 min.

Step 3: Gently remove screen stencil then immediately wash screen stencil to remove adhesive. Let screened adhesive set until clear in color & completely dry to the touch.

Step 4: Lay foil shiny side up onto dried adhesive design. Place parchment paper over foil; heat set then remove excess foil sheet according to package instructions.
