Solid-colored walls giving you the decorating blahs...

Dress us plain-jane walls with our large selection of easy-to-use wall stencils, perfectly proportioned to use over larger areas and surfaces.

You can give any wall an easy decorating boost by simply stenciling over your existing wall color in a darker shade, for a subtle effect or for a more modern, avant-garde approach, try a bold, contrasting color.

The same technique can be applied to a wooden floor. Simply seal your handywork with an appropriate polyurethane sealer. And why stop there?

Take it a step further and coordinate a piece of furniture for the polished look of a well-designed space.
