Glitter and Blush

The details make the difference for this adorable flower girl ensemble. A blushing rose pomander is a romantic alternative to a traditional bouquet. Easy to hold and light enough for the tiniest of attendants, this beautiful arrangement comes ready-made—it goes straight from the box to the ceremony. Best of all, the piece is simple enough to pair with any accessory. It won't compete with a darling dress, dazzling shoes, or our stunning crystal bracelet.

To Catch the Light

Our sparkling bracelet brings glitter and just a little glitz to our precious pink wedding décor. Perfect for a bridesmaid or even the bride, this piece is still delicate enough for younger members of the bridal party. The airy organza ribbon looks sweet on any age, and the beautiful rhinestone settings will coordinate with an endless array of colors, dresses, and styles.

Twinkle On Top

Subtle sparkle is in demand, and we've got your ceremony covered with a collection of dainty rhinestone headbands. As simple adornment for a little girl's curls or a finishing touch for an elaborate up-do, these bands will add twinkle and shine to whatever style you've chosen for your special day. Hint: Try a different design for each member of your wedding party, or double up the bands for a more dramatic effect.

Creamy Cushion

For a wedding ring or a single flower, our charming love knot pillow, with its clean and classic design, is a beautiful choice for any style of wedding.

This simple, elegant piece is snowy white, with a pair of dainty ribbons to hold your rings in place. Use it for a formal evening ceremony or a casual outdoor affair—it's so dreamy!
