### *a little birdie told me*

A salvaged thrift store vase sings a new tune with a few coats of Krylon® color and a charming bird stencil.

### *no grilling required*

This rusty grill turned planter had seen better days, but with a bit of elbow grease, a few coats of fresh spray paint and a fun little stencil, it now flourishes as a unique and functional conversation piece.

Update tired lawn furniture in a snap with a fresh color palette and easy-to-use stencils. Prepare to be amazed!

Bring an out-dated wicker table up-to-date with a fresh coat of Krylon® spray paint!

Walk the line between function and fashion with the clever aid of ordinary masking tape and a harmonious color palette. Simply tape, paint, dry, and move to the next stripe!

When life gives you lemons, make a lemon-colored shelf display!

You'll go cuckoo over this thrift store find! Recycle an old clock for an eclectic avant-garde art piece.

Turn everyday finds into little works of art using Krylon® Rummage sales and thrift stores are a great place to start!

Pick up the phone and call your friends—Krylon® has transformed this phone from basic and boring to pretty in pink!

Go green with lime-colored spray paint. Plain paper doilies become ornate stencils that make these vases ultra unique.
