« **bow band** She's making headway with a headband! This ready-to-embellish accessory has a specially designed loop to accommodate our vast selection of clip-on embellishments. **Tip:** *The cute zebra bow is all about "clip and go." But feel free to add your own touches. We went for a rosette and ribbon combo, hot glued into place.*

≈ **baby bloom** Make a crocheted headband a canvas for your handmade accessories! This simple fabric rosette was a cinch to stitch together—you'll find the cutie-pie stripe in the Fabric Department. We secured our flower to a simple alligator clip and...voilà!

« **feather head**

What's the feather in this little lady's cap? It's a ready to go flower-meets-feathers embellishment. We jazzed it up with a felt circle and a dainty pearl. Love the coordinating rickrack border? It's iron-on trim!

≈ **game plan**

The game plan? It's simple! We'll start with a baby-sized baseball cap. Then we'll take one for the team with bright, embroidered monograms and a sporty football appliqué. They're all iron-ons!

» **glamo camo** «

We blinged up this itty-bitty baseball cap with a dazzling iron-on transfer. The girly rhinestone letters say "Little Princess." And for a little extra shine? We went for a row of heat-set gems.

⤴ **gotta fly** This little guy loves anything that flies! That's why his headgear is decked with a hip airplane appliqué. The iron-on jet is paired with a camouflage monogram, traced and cut from an easy-to-use transfer sheet.
