### rainy days, sunny smiles

Water off a duck's back? Rain won't dampen your enthusiasm—you'll stay dry and fashionable in these adorable raincoats made from Hobby Lobby's latest laminated fabrics. We used McCall's pattern #6517 for the raincoat and boot toppers.

**totally totes** These carryalls are up to the challenge. Whether you're going to school, the grocery store, or the beach, there's room inside to carry whatever you need. And lining the inside with laminated fabric means they're also spill-friendly! For even more style options, make yours reversible! We used Simplicity pattern #2806.

**everything in its place** Of course you've gotta have the placemats that match the tablecloth! This grey and yellow color scheme gives your kitchen a sophisticated, modern look and the chevron and damask patterns serve up a heapin' helpin' of style. Our laminated fabric works equally well for indoor or outdoor dining.

**recipe rescue** Now you're cookin'! To be creative in the kitchen, sometimes you have to get a little messy! But keep Grandma's Sugar Cookie recipe spotless with a cookbook cover that wipes clean. Laminated fabric makes cleanup quick and easy—and that leaves more time for baking!

## ready, pet, go!

Whether your pet eats at the Doggie Diner or the Kitty Café, this easy-to-make feeding mat will keep the mess to a minimum. And with so many cheerful prints to choose from, why not make Rover a collar to match? Man's best friend deserves a little spoiling!

## ditch the drainer

Just have a few things to drip dry? This mat is where it's at! Make dinner clean up easy and liven up your kitchen décor at the same time. Our easy-care laminate fabrics are so versatile, the possibilities are endless!

**Please Note:** Laminated fabric is water-resistant (not waterproof), but seams need to be sealed with Dritz Fray Check™—otherwise, fabric may curl.
