

*Felt is all grown up, now available in designer colors and softer shades!*

*Use our affordable felt squares to craft a stack of functional storage boxes, a fanciful pillow, or a pretty wreath.*

whooooo loves felt?

### owl-standing pillows

Here's a smart choice for seasonal decorating. The owls make it cute—the felt makes it affordable.

### pretty felt wreath

Embrace the season with a felt floral wreath—simply stack contrasting layers of cut-out leaves and petals, securing each layer with hot glue.

### felt-covered boxes

Here's a logical solution to your craft storage problems—felt-covered boxes that can hold (or hide!) most anything.
